

NYS Network Child Care Centers

A network of centers supported by NYS and the public employee unions.

Convenient early care and education centers across New York State give enrollment priority to children of state employees

Why choose one of the network centers?

- Enrollment priority and affordable rates for children of state employees
- For the peace of mind that comes from having your child close by
- Assurance that your child is in a licensed program with trained care providers
- Most centers offer infant care, part-time care, toddler, and pre-school programs
- Summer day camps for school-age children are available at many centers
- Some centers have Universal Pre-Kindergarten programs
- Many centers are participating in QUALITYstarsNY
- Mothers can return to work yet continue nursing
- Nutritious meals and snacks are provided in accordance with federal guidelines
- Many are accredited by the National Association for the Education of Young Children
- Centers are part of a statewide network and receive training and grants supported by labor-management funding
- Network centers are not-for-profit organizations
- Opportunities for state employees to serve on the center's board of directors
- All centers have been in operation at least 10 years, some more than 30

Albany/Capital Region
